Welcome to The Cambridge Profile

The Cambridge Profile Online consists of a series of aptitude tests. Before you start, please note -

- You will only be able to attempt one test at a time.
- You will only be able to attempt each test once - you cannot do it again.
- Make sure you have enough time to complete the test you are about to start.
- You may find some questions hard - you are not supposed to finish them all, but it is for your own benefit to work as fast and with as much concentration as you can.

If you haven't already, we recommended you try out the practice tests at <http://www.coa.co.uk/practicetests> to get a feel of the way in which the tests are conducted.

Your first test is the **Working Quickly and Accurately (part 1)** test. This test requires **5 minutes** to complete, please make sure you have enough time before starting as you will not be able to do the test again once you have started.

Click 'Next' to find out about the Working Quickly and Accurately (part 1) test.

If you do not want to take any more tests at this stage, please 'logout'.

 **Next**

When you are ready – click 'Next' to start

- Work through all the tests.
- Try to do them all at one sitting.
