Get on Your Way

(Completed: 03/09/10)

This is the output to the GOYW module. The first section show the qualifications you have already achieved (with a rosette icon), and those you expect to achieve or are thinking about taking. The bottom section displays your 'Chosen Careers' which includes any careers you have added yourself as well as the Prefinio recommendations.

If a career or course is generally possible to take (depending on what other qualifications you have or are planning to achieve) then no icon will be displayed next to the name. A yellow triangle with an exclamation mark inside means that there may be other requirements that need investigating before entering that particular career or course.
